<p>1. At the most recent meeting with CASUSTAIN/15, a Base Soviet access agent and former Radio Free Europe free-lance, she mentioned that she had heard from friends that Radio Free Europe was being reorganized. Among the changes that are supposed to have taken place is the appointment of Alexander Ramsay to the position of security chief. CASUSTAIN/15 recalled that Ramsay was a British citizen and wondered whether this could be possible in an American organization.</p> <p>2. Base cards from the mid-1950's on Alexander Ramsay contain the following data:</p> <p>Alexander #RAMSAY <input type="checkbox"/></p> <p>SEX: M DOB: Not available</p> <p>POB: Not available</p> <p>CIT: UK</p> <p>OC: Chief, RFE, Hamburg (as of 1955)</p> <p>RES: 157 Holland Park Avenue, London</p> <p>IVS: Married to Edith Maria Benedikta nee Heinemann, born 8 Jan 23, Vienna on 21 Nov 1946</p> <p>MISC: Father was John Ramsay, born 14 April 1871, Capar, Scotland, UK citizen, died 12 July 1940. Mother is Margaret Ramsay nee Macmillan-Boyer, born 3 June 1880, Balletrae, Scotland, UK citizen, residing at 75 Higher Lane, Lymm, Cheshire, England.</p> <p>Cards also note numerous references to Ramsay in dispatch traffic no longer held at Hamburg, including EGMA-14836, 25 March 1955, which should contain the biographic data on Ramsay himself which is not available here.</p>

<p>4. One card referring to [] Washington notes, October 1954, describes Ramsay as a former SMOKE officer. Another card, referring to EGGA-64554, 22 June 1955, lists Ramsay among UK citizens with probable SMOKE connections. Latest reference on cards is to EGGA-402, 29 November 1955, which concerned RFE Ops in Hamburg.</p> <p>5. Base has the option of telling CASUSTAIN/15 that RFE is now a State operation and that we have no information on its internal matters, thus burying the subject for good. If, however, Ramsay is using his position as a cover or is using only notional cover, CASUSTAIN/15 could be instructed to develop more information on his activities. If Ramsay is actually retired from SMOKE, he might be a worthwhile contact for Munich Base.</p> <p>6. Since Hamburg Base is considering use of CASUSTAIN/15's friends among former RFE employees, after her AENOG assignment is completed, we request Headquarters and [] Station traces on Ramsay.</p> <p style="text-align: center;">[] []</p>
